

Volunteer with Project Ability

Volunteer programme

We are excited to be accepting applications from visual artists, both undergraduate and postgraduate, across all art forms, to volunteer with us within our unique supported artists studios.

Our volunteering programme will offer opportunities for artists to gain supported experience within our busy studio, over the course of a 10-week block of workshops. Opportunities are available across our 3 specialist programmes, Aspire, Create or ReConnect, with options of morning and afternoon sessions from Monday to Saturday. Your experience with us will give you the opportunity to engage with our artists, be inspired by their innovative artistic practices and gain experience of delivering an inclusive arts session.

Opportunities start mid April 2024.

Deadline: Monday 1st April 5pm.

Good luck!

About Project Ability

Project Ability supports, encourages, celebrates and platforms diversity within the contemporary visual arts sector. Based in Glasgow's award winning Trongate 103 building, we manage an accessible and professional studio as well as delivering a year-round programme of workshops, masterclasses, training and exhibitions.

We reach out and connect people and communities across Scotland. We are a strong and vibrant community of artists and those taking part learn skills and gain confidence from working alongside their peers. Networking and opportunities for professional development enable people to build a career in the art. Our gallery and shop promotes the artists and their work, delights audiences and provides sales opportunities for the artists.

Aspire

Aspire visual arts workshops are for adults with learning disabilities. They take place from Monday to Friday, with two sessions per day. Our workshops have a person-centred approach, with our specialist tutors supporting artists to work on themes of interest to them to develop their individual practices by exploring the wide range of visual arts materials on offer, including drawing, painting, print-making, sculpture and ceramics.

ReConnect

ReConnect is a visual art studio for those with a lived experience of mental ill health. Our ReConnect studios are open Tuesday, Thursday, and Friday, with our ReConnect artists working independently on personal projects. A specialist tutor is on hand to assist with any support our artists may need, from finding materials, discussing thoughts and ideas, to helping our artists develop their own art making practices.
